### [Licences and Fees](#)

Regardless of where you are based in the world, you need a licence from us if:

- you are providing facilities for gambling to consumers in Great Britain online (or through any other means of remote communication)
- any part of your remote gambling equipment is based in Great Britain.

There is a remote operating licence for each type of gambling activity you might want to provide.

Lotteries can only be run for good causes and **cannot be run for commercial gain**.

There is a remote operating licence for each type of gambling activity you might want to provide.

This licence allows you to manage a remote (eg online) lottery on behalf of a society or local authority.

## External lottery managers

A society or local authority lottery may employ an external lottery manager (ELM) to make the arrangements for the lottery on their behalf. All ELMs must hold an ELM operating licence.

ELMs are commercial companies that manage lotteries and provide services to society and local authority lotteries. ELMs may need to hold both a remote and non-remote licence if they are involved in promoting both types of lottery.
