

Remote gaming machine technical – software operating licence

This licence allows you to manufacture, supply, install or adapt software for a gaming machine; to manufacture, supply, install or adapt gambling software.

Part of

Licences and Fees

Regardless of where you are based in the world, you need a licence from us if:

- you are providing facilities for gambling to consumers in Great Britain online (or through any other means of remote communication)
- any part of your remote gambling equipment is based in Great Britain.

There is a remote operating licence for each type of gambling activity you might want to provide.

If your business supplies gaming machine software using any form of non-remote communication (such as by uploading software to CD or memory stick), you should also apply for a [non-remote gaming machine technical licence](#).
