

Remote general betting limited licence

This licence allows you to provide facilities for betting only over the telephone or by email (in circumstances where you are manually processing the bets).

Part of [Licences and Fees](#)

Regardless of where you are based in the world, you need a licence from us if:

- you are providing facilities for gambling to consumers in Great Britain online (or through any other means of remote communication)
- any part of your remote gambling equipment is based in Great Britain.

There is a remote operating licence for each type of gambling activity you might want to provide.

If you hold this licence you cannot hold a non-remote betting operating licence, and the annual gross gambling yield from facilitating bets by telephone or email must not exceed £550,000.

If bets are automatically processed by gambling software, or where any other means of remote communication is used to provide facilities for betting, or if your annual gross gambling yield exceeds £550,000, you will need a [remote general betting \(standard\) \(real events\)](#) operating licence.

Current application fees
